Re: Lockhart Power Company – SCPSC Docket 2021-183-E

Dar Ms. Boyd:

Pursuant to S.C. Code Ann. § 58-27-860 (2015), Lockhart Power Company ("Lockhart" or "Company") filed a Notice of an Intent To File an application with the Public Service Commission of South Carolina ("Commission") no earlier than thirty (30) days from May 28, 2021, seeking adjustments in the Company's retail electric rate schedules and tariffs.

Thereafter, we received a copy of a Proposed Customer Bill Insert Timeline dated June 9, 2021, from the SCPSC setting forth various proposed filing dates, and requesting the Company's response by June 11, 2021. The proposed dates assume that Lockhart will file its rate application 30 days after the notice of intent was filed. Lockhart has not made a final decision as to when to file the rate case application; however, when that decision is made we will give the Commission advance notice so that the Commission can begin its planning process. Because the proposed timeline is premature at this time, we would request that the Commission hold the proposed timeline in abeyance until the Company notifies the Commission in advance of the date on which it plans to file the application. We discussed this matter with Chris Huber, Counsel for ORS yesterday afternoon and advised him of what is included herein. Additionally, please note that Lockhart will be represented in this matter by M. John Bowen, Jr. and Margaret M. Fox. Please update your records accordingly.

If you have any questions, please do not hesitate to contact me at (803) 799-9800.

Very truly yours,

M. John Bowen, Jr.
